CERTIFICATE COURSE ON AI FOR TAX PROFESSIONALS 1.0

12, 13 & 14 MARCH 2026

ABOUT THE COURSE

- A three-day programme (4 hours per day) focused on practical application of AI tools in tax practice, with **hands-on training on real-life use cases**.
- Designed for tax professionals **who wish to start or strengthen their AI usage** in professional work. **No prior experience in AI is required**.
- The course covers prompt engineering, use of various LLMs, Excel VBA & Google AppScript, specialised AI tools, Vibe Coding for simple application development, and practical use of AI in accounting, drafting, audits, and other tax-related areas.
- Registration is on a first-come, first-served basis, **limited to 40 participants**, of which 20 seats are reserved for members of the organizing associations.
- Attendance for all sessions is mandatory for issuance of the certificate.
- Valet parking is available at the venue, subject to hotel availability.
- In case of any change or issue, the decision of the Managing Committee shall be final and binding.

PROGRAM SCHEDULE

- 3.30 pm to 4.00 pm : Registration, High Tea & Networking
- 4.00 pm to 8.00 pm : Certificate Course Sessions (with a short break)
- 8.00 pm onwards : Dinner

MANDATORY FOR JOINING THE COURSE

- **Participants must bring their own laptop**, laptop charger, mobile phone (for hotspot), and mobile charger. Carry a mouse, if required.
- **Participants without a personal laptop will not be able to attend the course.**
- Minimum laptop configuration: Windows 10 / 11, at least 8 GB RAM, Microsoft Office, and a browser (edge or chrome).
- Two functional e-mail IDs are required.
- Charging sockets and Wi-Fi connectivity will be available at the venue.
